| Specification

Physical Properties	Port Capacity	12 Ports
	Dimension	212 x 129 x 45mm
	Weight	783g
	Color	Light Grey (RAL 7035)
Electrical Specifications	Insulation	1000m ohm (min.)
	Contact Resistance	100m ohm (max.)
	Current Rating	1.5 Amps
	DC Resistance	0.1 ohm (max.)
	Performance	Cat.6 EIA/TIA 568B.2-1
Mechanical Specifications	IDC Punch Down Cycle	Over 200 cycles (min.)
	RJ-45 Inersion Cycle	Over 750 cycles (min.)

| Work Well With

Cat.6 S/FTP Patch Cord
